

**FINAL EVALUATION DESG WORKSHOP 2008 Port de la Selva**

**Received answers 29**

Code for lectures and workshops

THEORY	1 Should not have been in program	2 Little interest	3 Some interest	4 Interesting & thought provoking	5 Interesting enough for me to research more
PRACTICE	Should not have been in program	Little use	Some use	Clear use in my practice	So useful it will change my practice

**Introductory sessions (J Boavida, D Figuerola)**

Theory      **Average 4.23**

Mark	5	4	3	2	1	NA
Answers (n)	10	12	4	0	0	4

Practice      **Average 4.15**

Mark	5	4	3	2	1	NA
Answers (n)	11	8	3	0	0	4

**Making a paternoster line (M Puignau)**

Theory      **Average 3.81**

Mark	5	4	3	2	1	NA
Answers (n)	8	9	8	1	1	3

Practice      **Average 3.93**

Mark	5	4	3	2	1	NA
Answers (n)	11	4	7	4	0	3

Comments:

- A learning experience!

### **Multilingual anamnesis in diabetes (Jordi Serrano)**

Theory      **Average**      **4.52**

Mark	5	4	3	2	1	NA
Answers (n)	18	9	1	1	0	0

Practice      **Average**      **4.34**

Mark	5	4	3	2	1	NA
Answers (n)	17	8	2	2	0	0

Comments:

- This was such a positive negative experience – I had sense some sense of patients experience of feeling lost in a new involvement of a chronic disease – the difficulties of coping with a new and unknown language.

### **Workshop: Feeding the senses (M Bosch)**

Theory      **Average**      **4.21**

Mark	5	4	3	2	1	NA
Answers (n)	11	13	5	0	0	0

Practice      **Average**      **4.28**

Mark	5	4	3	2	1	NA
Answers (n)	13	11	5	0	0	0

Comments:

- We needed more time so we go deeply and research the connection between the food we eat and emotion and how we can use this information in our clinics.
- I have had a lot of pleasure, Is that of some interest even though not a criteria?!
- Before testing a different kind of products, please inform meaning (different language!)
- Importance of emotions memory of food

### **Workshop: Between scientific thinking and magic (I vi Makome)**

Theory      **Average**      **4.04**

Mark	5	4	3	2	1	NA
Answers (n)	4	18	5	0	0	2

Practice      **Average**      **3.78**

Mark	5	4	3	2	1	NA
Answers (n)	7	11	6	3	0	2

#### Comments:

- Maybe more drama rol playing and a discussion.
- Sitting in a circle without a table
- Good demonstration of cultural (and linguistic) barriers

### **Workshop: Getting to know our feet (J Viadé)**

Theory      **Average**      **4.07**

Mark	5	4	3	2	1	NA
Answers (n)	14	11	1	1	0	2

Practice      **Average**      **4.37**

Mark	5	4	3	2	1	NA
Answers (n)	13	12	1	1	0	2

#### Comments:

- Needs some closing ideas/discussions/remarks.
- So wonderfully presented and engaging.
- The importance of persuasion in “exposing” ourselves

**Workshop: The ways of language (R Balañá)****Theory      Average      4.41**

Mark	5	4	3	2	1	NA
Answers (n)	14	11	1	1	0	2

**Practice      Average      4.37**

Mark	5	4	3	2	1	NA
Answers (n)	13	12	1	1	0	2

**Comments:**

- The best. Good introduction and good discussion in the end:
- Time management and direction/facilitation by participants highlighted
- Facilitation by participants highlighted

**Workshop: How necessary is it to understand the language for a therapeutic pact? (J Belloso)****Theory      Average      4.50**

Mark	5	4	3	2	1	NA
Answers (n)	14	11	1	0	0	3

**Practice      Average      4.62**

Mark	5	4	3	2	1	NA
Answers (n)	13	12	1	1	0	2

**Workshop: Meet the inexpert (F Patitucci)****Theory      Average      4.10**

Mark	5	4	3	2	1	NA
Answers (n)	7	18	4	0	0	0

Practice      **Average**      **4.21**

Mark	5	4	3	2	1	NA
Answers (n)	10	16	2	1	0	0

Comments:

- The way she gave the lecture was a little boring but could be in more interesting way
- Maybe better through a role playing
- Excellent!
- Provoke a lot of discussion and diversity of practice

**Dr. Anderson lecture**

Theory      **Average**      **4.41**

Mark	5	4	3	2	1	NA
Answers (n)	14	10	3	0	0	2

Practice      **Average**      **4.44**

Mark	5	4	3	2	1	NA
Answers (n)	15	9	3	0	0	2

Comments:

- Excellent!
- sounded "tired"

**Prof Assal lecture**

Theory      **Average**      **4.78**

Mark	5	4	3	2	1	NA
Answers (n)	22	4	1	0	0	2

Practice      **Average**      **4.77**

Mark	5	4	3	2	1	NA
Answers (n)	22	4	1	0	0	2

### Comments:

- Make attention to detail and professional centeredness (HCP) is wonderful and a role model to adopt.
- Excellent!
- Always thought provoking

<b>OVERALL WORKSHOP ORGANISATION AND QUALITY</b>	Poor	Adequate	Good	Excellent	<b>Average</b>

5. Venue	0	0	3	26	<b>4.89</b>
6. Comfort and Hospitality	0	0	1	28	<b>4.96</b>

### **Other comments:**

- Total score for happiness and theme of Seminar excellent
- Thank you for such and inspiring experience, your attention to detail and professional centeredness is wonderful and a role model to adopt.

### **What topics do you wish to discuss at future meetings?**

- Children education
- About children with diabetes
- Diabetes in children
- Medical citizenship
- Establishing TPE accredited partnerships between academic institutions and key Pan European Diabetes Organizations.
- Influence on advocacy skills with decision makers
- How do patients see us HCP?
- Can we overcome our colleagues and administrators that don't believe in TPE? Is there evidence to show that is worth investing in TPE?
- Barriers for implementing Evidence Based Medicine in patient education.
- Inequalities in Health – how do we take care of this in TPE
- Discussion about cases people prepare from their daily work
- How to interest in this area other colleagues who also work with diabetes and think they know everything.
- Behavior of doctor, nurse and other member of the staff.
